

SPOTLIGHT on STAFF

Roxanne Mapp
Library Graphics Specialist
joined the library 12/01/98

Q: What was your last job?

A: My career had been in advertising. I was an Art Director for an advertising agency in Trinidad. I also worked as a designer for an ad agency on Madison Avenue in New York.

Q: What are your favorite subjects?

A: There are many subjects that I'm interested in. I am currently pursuing my MLS at Pratt Institute. My favorite courses to date are: Management of Electronic Records, Cultural Diversity and Libraries. Other than that, I love history and art; I am obsessed with anything that is design or art related. I have a degree in Graphic Design and am proficient in six design programs.

Q: What was the last book you read?

A: Eckhart Tolle's *A New Earth*. I am currently reading Steve Harvey's *Act Like a Lady; Think Like a Man* (funny, great read for ladies).

Q: What are your hobbies?

A: I love photography. My specialty is shooting nature and landscape scenes. In addition, I like doing anything that involves spending time with my two fabulous daughters. I travel often, my favorite places are Trinidad and Tobago, and Miami Beach.

Q: What kind of music do you like?

A: All genres, my favorite artists are Carole King, Aretha Franklin, Natalie Cole, BeBe Winans, and Cold Play to name a few. I particularly like the song Viva, La Vida.

Q: Where were you born?

A: Trinidad, West Indies. Spent my summers at my grandmother's home in New Rochelle. I also visited my uncle and cousins in Cherry Hill, New Jersey.

Q: What's your favorite thing about working at the library?

A: My favorite thing is working on the newsletter. I like the fact that I can turn pages of boring copy (design wise), into wonderful creations. Working at the library has brought about a welcome change from the world of advertising.

Q: What's the biggest occupational hazard?

A: The economy tops the list. In this economic climate, you cannot afford to let your guard down. It forces me to take things one day at a time, "to be present". - Eckhart Tolle.

Q: People would be surprised to know that you:

A: I played the piano and guitar throughout my teenage years. We had these instruments at home. Please do not ask me to play (I am not here to perform).
